

Emergency Responding Communication Systems ~ What You Need to Know

Seminar 2 ~ March 12 (8:30am - 4:30pm)

- 08:30-08:45 WELCOME
Paul Anslow, P.E. - Host
Anslow Engineering
- 08:45 - 10:00 CTS ~ Kern Davis, VP Business Development ~ **PS DAS Requirements, RF Basics & DAS Architecture**
- 10:00 - 10:15 BREAK
- 10:15 - 10:45 **ADRF** ~ Jim Lilienfeld, Sales Manager at Advanced RF Technologies
- 10:45 - 11:15 **ZINWAVE** ~ Allen Dixon, Director of Channel Development
- 11:15 - 11:45 **SOLID** ~ Greg Glenn, Senior Director of Public Safety
- 11:45 - 12:15 MEET THE MFGs
- 12:15 - 01:00 **Honeywell** ~ David Thompson, 'Emergency Responder Radio Communication Enhancement Systems (Bi Directional Amplifier)'
- 01:00 - 01:30 **iBwave** DAS DESIGN ~ John Jacob Sales Manager iBwave Solutions, Robin Mitchell, iBwave Sales Engineer "**Plan & Design Public Safety Networks That First Responders and The Population They Protect can Depend On**"
- 01:30 - 02:00 Chief Westbrook ~ Deputy Fire Chief, **Cobb County Fire & Emergency Services**, "**The Administrative Aspects of Implementing IFC 510 in a Jurisdiction ~ the 20,000 foot view**"
- 02:00 - 02:30 Captain Bennett ~ Deputy Fire Marshal/Plans Review, **Cobb County Fire & Emergency Services**, "**2012 IBC/IFC Requirements**"
- 02:30 - 02:45 Break
- 02:45 - 03:30 **GHD** ~ Brad Wilcox, SET CFPS ~ "**It's A Tangled Mess; Emergency Responder Radio Communication Systems, Survivability, and Electrical Circuit Integrity Systems**"
- 03:30 - 04:30 Round Table Discussion ~ Panel Moderator ~ Chief Alan Perdue, **Safer Building Coalition**
