

Session 4C:

Hangar Foam Systems: Recent Field Experience, Environmental Concerns, and the Search for Alternatives

Doug Fisher, PE, FSFPE, LEED AP BD+C
Principal Fire Protection Engineer
Fisher Engineering, Inc.

Doug is a licensed fire protection engineer, a Fellow in the Society of Fire Protection Engineers and LEED® Accredited Professional in Building Design and Construction with over 29 years of experience in the field. He is a professional fire protection engineer, by exam, and currently licensed in 26 states. Doug is a principal member of the NFPA Technical Committees on Space Ports, Commissioning and Integrated Testing, and Flammable and Combustible Liquids (Correlating Committee and Operations) as well as the Chair of the NFPA Technical Committee on Water Tanks. He is an active member of the Society of Fire Protection Engineers (SFPE) and the Chair of the SFPE Committee on Professional Qualifications. He is also a Governor of the SFPE Greater Atlanta Chapter Foundation and Past President of the SFPE Greater Atlanta Chapter. He is currently a Principal Fire Protection Engineer in the Georgia office of Fisher Engineering, Inc. His experience includes design, review, commissioning and retro-commissioning of active and passive fire protection systems, fire protection system failure analysis, life safety/building code review and analysis, fire hazard analysis and fire modeling. He holds a Bachelor of Science degree in Fire Protection Engineering from the University of Maryland and Master of Business Administration degree from Emory University.
