

Seminar 2B :

**Expert Panel: The Latest Developments in Emergency Responder Radio Coverage Systems (ERRCS)**

Although first required in the 2009 IFC, many questions still surround the relatively new technology of Emergency Responder Radio Coverage Systems (ERRCS) required by IFC Section 510 and NFPA 1221. Our panel of experts will discuss donor antennas, Distributed Antenna Systems (DAS), Bi-Directional Amplifiers (BDAs), code requirements, installation, equipment, and commissioning. You don't want to miss this in depth discussion.

---

**SPEAKERS:**

John Foley: Moderator  
**Safer Buildings Coalition**

Panelists:

Chief Alan Perdue  
**Safer Building Coalition**

Kern Davis  
**Communication Technology Services, CTS**

**Kate Sheehy | Bus Dev Manager-Wireless Solutions**
