

# What is the FSSA?

- Established in 1982 – Illinois incorporated not-for-profit trade association
- USA based (Baltimore MD) professional association focused on Special Hazards Fire Suppression (not sprinkler)
- **Mission:** FSSA's mission is to promote, educate and grow the special hazard fire protection industry.
- **Vision Statement:** Advancing critical asset fire protection for business continuity.
- Active Board of Directors, Technical Director with Technical Committee
- Executive Director Becca Stinner, Clemons Associates
- Membership primarily USA, but some international membership as well
  - 20 Original Equipment Manufacturers
  - 116 Installing Contractors
  - 38 Associates, Suppliers, Consultants and Students
- Collaborate with other professional Associations
  - SFPE, FIA-UK, AFAA, NFPA, NICET
- Active representation in 30 NFPA technical committees.

FSSA's Training Program is designed to educate and train personnel within the fire suppression industry.

FSSA is a NICET recognized training provider.

It's 100% online, so you can learn the content at your own pace.
