

Seminar 2A
Lithium Ion Battery Panel Discussion

Jonathan G. Ingram, B.S.E.E
General Manager
Marioff North America

During his 20+ year career, he has held various application engineering, product specialist, product management, sales management, and business development positions with Fenwal Protection Systems, Kidde Fire Systems from 1995-2017. In October 2017 he was appointed as the Director of Sales for Marioff North America, part of Carrier Global Corporation, and in March 2020 was named General Manager leading all aspects of their North American water mist business efforts. He published a white paper, in 2012, on the protection of Energy Storage Systems (ESS) that deploy Li-Ion batteries with Clean Agent Fire Suppression, both in the Data Center Journal and Power Magazine. In 2018, he also participated in the Joint Development Program run by DNVGL, which evaluated various fire suppression systems, including Marioff's HI-FOG water mist, for Li-ion battery fires. He serves as a Principal member on the NFPA 855 Installation of Stationary Energy Storage Systems and NFPA 76 Telecommunications Committee, and as an Alternate member -NFPA 12, 12A, & 2001 Gaseous Fire Extinguishing Committee.

Mr. Ingram holds a B.S. Degree in Electrical Engineering (University of Hartford).
