

Seminar 2A:
Lithium Ion Battery Panel Discussion

Scott Stookey
Austin TX Fire Department

Scott Stookey is a Graduate Engineer A – Hazardous Material with the Austin (TX) Fire Department, Fire Marshal’s Office. His entire career has focused on regulatory enforcement and supporting Operations personnel in understanding hazardous materials and fire protection systems. Scott is currently assuming leadership for the training, plan review and inspection of Lithium-Ion (Li) and other electrochemical Battery Energy Storage Systems (Li-BESS). He is collaborating with the University of Texas of Austin, School of Mechanical Engineering Fire Research Group on their efforts to improve the fire and deflagration risks of stored energy systems using Li cells and modules. Scott is a graduate of the Fire Protection and Safety Engineering Technology program at Oklahoma State University and is a Professional member of the Society of Fire Protection Engineers.
