

Session 2A:

Hottest Testing and Final Extinguishment Experience with ASRS, a Panel Discussion

---

John Frank, P.E., FSFPE  
Property Center of Expertise Leader  
AXA XL Risk Consulting.

John provides global technical support to AXA XL's engineers and regularly interacts with global businesses on fire protection matters. As a volunteer firefighter in metro-Atlanta, he was part of the hose team that affected final extinguishment on a large bin box carousel ASRS fire that was controlled by four sprinklers. The residual fire was deep in an inaccessible part of the carousel. Because of his successful experience with this fire, final extinguishment of these fires is among his areas of focus.
