

Session 2B:

Tall Mass Timber Buildings: What are they and What are the Concerns

Peter J. Gore Willse, P.E., FSFPE, MASCE
President
WILLSE Engineering

WILLSE Engineering is a consulting engineering firm with emphasis on fire safety and risk assessment in the building design community. Peter also serves with the City of Portland, Connecticut as Interim Building Official and Deputy Fire Marshal. He has served as Deputy Fire Marshal for almost 20 years. Formerly he was Vice President and Director of Research at AXA XL Risk Consulting which provided technical support to the AXA Group, a property and casualty insurance company.

Mr. Willse graduated from the University of Rhode Island with a Bachelor of Science in Civil Engineering and from Worcester Polytechnic Institute with a Master of Science in Fire Protection Engineering. He is a member of the Connecticut Fire Marshal's Association, the National Fire Protection Association and the Society of Fire Protection Engineers. He also served on the Board of Directors for NFPA and SFPE.
