## Tracey Bellamy, PE, CFPS, CWBSP

**Chief Engineering Officer**

**Telgian Engineering & Consulting, LLC**

Tracey Bellamy is the Chief Engineering Officer for Telgian Engineering & Consulting, LLC (TEC). He oversees the technical aspects of all engineering activities and establishes standards of performance for the fire protection engineering program. Tracey also performs fire protection and life safety consulting services related to fire and building codes and national fire protection standards. He is a consultant for major construction projects and hazardous material storage facilities throughout the United States. He has directed major full-scale fire test programs aimed at the development of alternative fire protection schemes resulting in client savings of over \$1B. He has provided technical support to facilities in response to Department of Energy (DOE) audits and reviews for new facilities and modification plans and specifications for compliance with applicable DOE requirements. He has extensive experience in assessing existing facilities for compliance with highly protected and improved risk criteria and code requirements.

Prior to joining Telgian, Tracey worked with Westinghouse Savannah River Company as a senior fire protection engineer providing technical support to facilities in response to DOE and Westinghouse audits. He also served as staff manager for the South Carolina Division of the State Fire Marshal, planning, coordinating, and supervising the work of the engineering section of the Division of the State Fire Marshal. He has additional experience performing comparative fire risk analyses for the Hartsfield Atlanta International Airport, ensuring compliance with NFPA codes and standards regarding egress, fire alarm, fire suppression, smoke management, emergency lighting, and fire department reporting and response.

Tracey is active in the world of fire and life safety education. He is a senior instructor and has presented classes for NFPA, AFSA, NFSA and Fire Smarts, providing instruction on a wide variety of topics including NFPA standards and the International Building and Fire Codes. Tracey is an active member of National Fire Protection Association standards committees and the Society of Fire Protection Engineers. Additionally, he has had works published in a variety of trade magazines including American Fire Sprinkler Association's *Sprinkler Age* and is a major contributor to the NFPA 13, Automatic Sprinkler Systems Handbook and NFPA 25, Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems Handbook, published by NFPA.

## YEARS OF EXPERIENCE

- Total: 31
- Joined Telgian in 1996

## EDUCATION

- BS, Civil Engineering, University of South Carolina
- ME, Civil Engineering, University of South Carolina
- Advanced Graduate Certificate, Fire Protection Engineering, Worcester Polytechnic Institute

## LICENSES AND CERTIFICATIONS

- Professional Engineer/Civil, AL, AZ, CA, CO, CT, DC, DE, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, ME, MD, MA, MI, MN, MS, MO, MT, NE, NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, RI, SC, SD, TN, TX, UT, VT, VA, WA, WV, WI, WY
- Certified Fire Protection Specialist
- Certified Water-Based Systems Professional

## PROFESSIONAL AFFILIATIONS

- National Fire Protection Association
- American Society of Civil Engineers
- Society of Fire Protection Engineers

## SECTORS SERVED

- Commercial
- Education
- Storage
- Transportation
