

Session 2D:
Effects of Smoke Vents on Ceiling-Level Sprinkler Performance

Dr. Yogish Gopala
Lead Research Scientist
FM Global

Dr. Yogish Gopala is currently a Lead Research Scientist at FM Global. He got his PhD in Aerospace Engineering from Georgia Tech. He is part of the large-scale fire testing team in the Fire and Explosions Protection Group. Dr. Gopala has been with FM Global for over 10 years working on various studies that include both critical problem-solving projects and long-term strategic research. Some of the notable projects include development of SMART sprinklers, storage of aerosols and equivalency between different K-factor sprinklers. He is affiliated with NFPA and SFPE and serves in NFPA residential sprinkler technical committee.
